$70,000 County Fair Project

Your Income Tax

Federal income tax payments become delinquent on March 15th. For the convenience of our reader we will present under this heading a series of authenticated articles which may help answer some of the questions likely to arise. W. D. Malloy, deputy collector of internal revenue for this district, opened offices February 1 at Room 5, in the basement of the postoffice and announced he will be at the office on Monday and Tuesday and his office hours are 9 a. m. to 4 p. m. After February 13, his schedule in this county includes Placerville February 13, 14 and 15; at Camino postoffice February 22; and at Placerville again March 1st, 3rd, 4th, 10th and 11th.

Deductions for Professional Expenses

A professional man may deduct all necessary expenses incurred in the pursuit of his profession. These include the cost of supplies used in his practice, office rent, cost of light, water, fuel, and telephone in his office, the hire of office assistants, and expenses paid in the operation and repair of an automobile, based upon the proportion of time it is used for professional purposes.

Many physicians use their residences both as their offices and their homes. In such instance the physician may deduct as a business expense the rental value of the rooms occupied for office purposes if he actually pays rent, and also the cost of light and heat furnished these rooms. Also, he may deduct a portion of the wages paid domestic servants whose time is partly occupied in caring for those rooms. Membership dues in professional societies are deductible. Physicians and dentists who keep in their waiting rooms current magazines and newspapers for the benefit of their patients may deduct this item as a business expense. The cost of professional journals for the taxpayer's own use also is a deductible item.

The cost of technical books is not a deductible item, being a capital expenditure, but a proportionate amount for each year's depreciation of the books may be deducted. Depreciation may also be taken on office furniture and equipment. Insurance premiums on office or other professional equipment and liability insurance may be deducted. A premium paid for automobile liability insurance should be apportioned and that part of the premium attributable to business may

LION MINSTREL PROGRAM IS ANNOUNCED

Quiz Contest Will Be Staged Between Acts; Dancers Featured

Preliminary program for the Lions Club Minstrel, which will be presented on Wednesday evening of next week at 8 o'clock at the high school auditorium, was made public this week by L. J. Anderson, director.

The show is being given by the Lions, assisted by the Folsom Glee Club and other featured artists, to raise funds to be used to assist in installing a wading pool for the children at the Placerville cty playground.

Roy G. Strum, general charman of the show, reports that the seat sale is going ahead rapidly and that those who are purchasing tickets from the Lions Club members are exchanging the tickets for reserved stubs at the box office at Fox Brothers drug store.

The Lions will have the assistance of the county high school band, directed by Charles W. Ball, and a group of selections by the band will open the program. This will be followed by an escort of the colors of the United States by the Lions Club Boy Scout troop.

Opening chorus of the show will signalize the efforts of the Lions Club to be an active influence in community improvement and will be the club "rally" song, "Don't You Hear Those Lions Roar." Robert Barker will sing "Roses of Picardy."

(Continued on Page Four)

Guards Meet Tonight

Recruiting Offices To Be maintained in Room At Postoffice

Company D. 115th Engineers, California National Guard, holds its first regular drill meeting tonight at Placerville Grammar school auditorium.

Captain A. N. Weber, commanding the company, has received word that Lieut. Colonel Van Court Warren, N. G. C., will be present.

Officers of the company, noting that there is opportunity for the enrollment of 21 more men in the company to bring it to full strength, stated that recruiting offices and a company hadquarters are being maintained at Room 1 in the basement of the postoffice.

Men interested in discussing enlistment may apply at that office, or may apply tonight at the drill.

The first time the assassins struck, they mistook Jim for another man.

The second time, they were more careful. They killed the other man — who might have been Jim's double.

Jim was mystified. What was back of this murder? Disguised as the other man, he decided to find out.

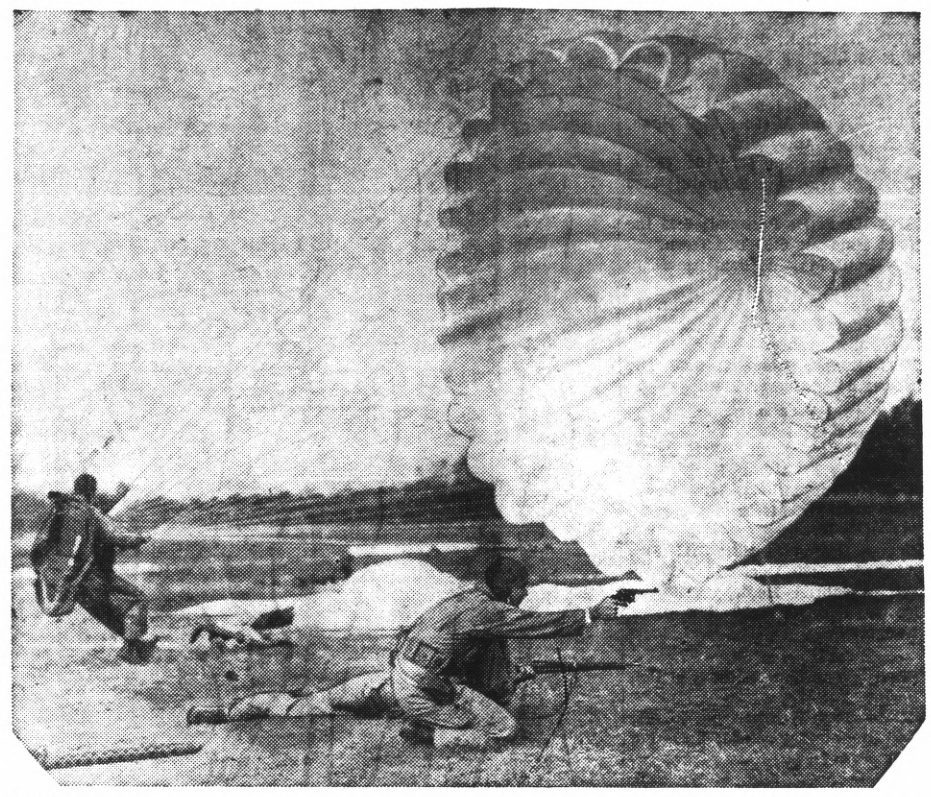

That's part of the start of

Uncle Sam's Aerial Blitzmen Go Into Action

Taking a tip from methods used in Europe, the United States Army is rigorously training parachute troops of its own, and here they are in action during maneuvers at Fort Benning, Ga. The troops have just landed "behind enemy lines." While a machine gun (lower left) set up by first airman to land protects the others, three more blitzmen prepare for action.

10 COMPETE IN SPEAKING

High School Pupils Will Enter Contests Sponsored By Native Sons, Lions

Ten pupils of the county high school are nearing the elimination contests from which some of them will emerge to participate in two public speaking contests to be held in Placerville on Tuesday, February 11.

The contests are to select pupils to participate in behalf of two placerville groups in state-wide public speaking contests.

Tuesday at noon, Placerville Lions will hear the three speakers chosen as "best" from six who are entered. Those who are preparing for the elimination test from which three will be chosen are Nellie Crosby, Marilyn Wiley, Elizabeth Wilder, Robert Allen, Bill Dillinger and James Holt.

From the three chosen in the high school elimination to appear before the Lions, the club will select one as its representative to compete with representatives of other clubs in the state-wide elimination.

Placerville Parlor of Native Sons will hear four candidates for public speaking honors at their meeting Tuesday night at the Masonic Hill. The four are Maxine Miller, Sidney Price, Eleanor Swift and Carolyn Wallace. From this group, one will be chosen to represent Placerville Parlor in the state-wide contest sponsored by the Native Sons.

All ten of the public speaking aspirants are high school pupils and are preparing their preliminary addresses under the supervision of Thomas Flynn, of the faculty.

CADET TRAINING PROGRAM FOR COUNTY STUDENTS AT PLACER J. C.

El Dorado County students attending Placer Junior College will have the advantage of taking military training as the result of Governor Olson's approval of Assembly Bill No. 224, which amends the law relative to the California High School Cadet program, permitting junior colleges to participate in the cadet program if they so desire. The bill which was introduced by Assemblyman Allen G. Thurman of this district, was signed by the governor on Tuesday. It contained an urgency clause as a defense measure and became a law upon the governor's approval.

The Colfax assemblyman is also a co-author with his seat mate, Assemblyman Jacob Leonard of Hollister on a bill which will permit R. O. T. C. training in junior colleges.

Pair Caught In Theft Of Rails

Water District Officials Note Determination To End Petty Depredations

Thad C. Green and Robert L. Dooley were found guilty of petty theft Wednesday morning before Justice of the Peace T. F. Lewis in the first of a series of prosecutions promised by El Dorado Irrigation District if such becomes necessary to halt what is complaned of as a series of petty depredations against district property.

Green and Dooley were found guilty of stealing a number of light railroad rails belonging to the district's property near the Weber Creek dam and were traced from there to a small mining undertaking operated by the two in Blair's district.

In the light of the circumstances and in consideration of evidence indicating Green and Dooley had made some effort to learn who owned the rails, the court imposed a suspended sentence of thirty days, with a warning to the two against further future misconduct.

It was learned that following the court appearance, Green and Dooley met with a representative of the irrigation district to seek to arrange either to return the rails or to purchase them.

Water district spokesmen said that continuing theft of district materials, or other petty depredations will be vigorously traced down and prosecuted wherever possible.

FATHERS, SONS SEATS GOING

Limited Number Of Tickets Available For Dinner On Thursday Of Next Week

A limited number of tickets to the Fathers' and Sons' dinner, on Thursday, February 13th, at the Shakespeare clubhouse, may still be obtained by those who wish to attend.

The committee in charge of the affair, which is held each year under Boy Scout sponsorship during Boy Scout anniversary week, noted again that only 225 tickets are being sold.

A check-up Wednesday morning indicated that sales are continuing at a brisk pace and that there are, perhaps, less than fifty tickets which have not been claimed. Since arrangements provide that dinner will be prepared only for the number of tickets sold in advance, it is felt by the committee that fathers and sons of the county should have the fullest opportunity to complete arrangements to be present.

The ticket sale will be withdrawn after this weekend, however, and any who are not able to contact Boy Scouts, most of whom have tickets for sale, may obtain tickets Saturday morning from the Scout Commissioner, E. W. Zueger, at The Democrat office.

Dr. Lester B. Kantz, general chairman for the dinner, reports that Captain C. J. Kistle, of the Sacramento Fire Prevention Bureau, has formally accepted an invitation to present his feature demonstration and address on safety practices.

Those who have seen and heard Captain Kistle's presentation report that it is aducational, spectacular, interesting and entertaining.

The grammar school orchestra will provide several numbers during the dinner program.

As usual, although the dinner is sponsored by the district committee of Boy Scouts, it is intended as a general public affair, open to all men and boys of the county.

ADVISORY DRAFT BOARD IN SESSION AT VETERANS' HALL AS NEW QUESTIONNAIRES ARE MAILED SELECTIVE SERVICE REGISTRANTS

Co-incident with the mailing of questionnaires on Tuesday to an additional list of men registered under the Selective Service Act of 1940 by the draft board, it was announced by Paul Smith, chairman of the advisory draft board, that the advisory board is again in session.

Men who require assistance in filling out their questionnaires may apply at the War Veterans Memorial Building afternoons from 1:30 until 5 o'clock, or evenings from seven until nine o'clock, for the advisory draft board's help.

The Selective Service board disclosed Wednesday that questionnaires had been mailed Tuesday to men numbered 361 to 414 on the list. The questionnaires are to be filled out and returned within five days.

EXHIBIT HALL, IMPROVEMENT ON GROUNDS ARE SOUGHT BY SUPERVISORS

County Acts To Exercise Option To Buy 20-Acre Tract Adjoining Using Pari-Mutuel Funds; Preliminary Drawings Authorized By Board

Action instituting a $70,000 improvement project at the El Dorado County Fair Grounds, subject to approval by the state Department of Finance and the WPA, was taken Tuesday by the Board of Supervisors.

The board hopes to obtain an exhibit pavilion for the fair site, and to continue development of the grounds in keeping with the plans outlined several years ago.

Formal steps to institute the project were taken by the board Tuesday afternoon when District Attorney Henry S. Lyon was asked to prepare resolutions requesting an allocation of $35,000 by the state Department of Finance for an exhibit pavilion and grounds improvement program, and requesting an allotment of WPA labor to assist in the project.

In addition, the Board took steps to exercise an option to purchase an additional twenty-acres adjoining the fair site, north and east of the race track, from Loren Forni. It was understood that the state Department of Finance approved acquisition last year and that the purchase price of $3,500 is budgeted and allocated. The money comes from state earnings on pari mutuel wagering on horse racing and the purchase is at no expense to the county treasury.

Supervisor Cyril Heusner, chairman of the board, said Wednesday morning that Deputy Engineer Frank McCarton has been author-

WAR AID SCORED BY C. OF C.

Present Act "Would Not Contribute To Defense;" F. R., Wheeler Resume Feud

WASHINGTON, (AP)—The chamber of commerce of the United States today opposed the all-out British aid bill on grounds that the President could deliver the whole army, navy and air force to foreign powers without advising congress and might be able to seize private property to foreign governments.

Speaker Sam Rayburn, after attending a meeting of democratic members of the house foreign affairs committee, said that "serious consideration" is being given to additional amendments to the bill.

The chamber of commerce's views were stated to the senate foreign relations committee by President Jas. S. Kemper. He testified that his board of directors felt unanimously that the present bill would "not contribute to the defense of the U. S."

An offer by Senator Burton K. Wheeler, D., Mont., to match his patriotism against that of President Roosevelt's "closest advisers" was the latest development in their feud over the bill.

Mr. Roosevelt said yesterday that Wheeler's charge that Britain received five-sixths of American war plane production in 1940 must be very satisfactory to Reichschancellor Adolf Hitler. The President apparently meant that Hitler would welcome the disclosure of the extent of American aircraft aid for Britain, provided the figures are correct.

"Well," Wheeler said later, "you can say that I've been highly honored a great many times, but never higher than having the President mention me at his press conferences every time they meet.

"I'm perfectly willing to compare my patriotism with that of his closest advisers. I have no interest, financial or otherwise, in Germany or England. My ancestors for generations back were born and raised in the United States."

Sen. Hiram W. Johnson, R., Cal., took Wheeler's side:

"It's an outrage. Everything in a situation like this favors the President. He can attack a man and the man can seldom fight back."

SINKING IS RESUMED ON SHAFT AT OREGON HILL

Sinking of a 300 foot shaft and extension of drifts was resumed recenty at the Oregon Hill Mining Company property in the Pacific group.

L. F. S. Holland, secretary-manager of the company, said on completion of sinking work will be done on the extension of the southeast drift from the tunnel level. An 80-foot raise also will be run from the tunnel level to the surface. A crew of fourteen men are employed.

In the past year a headframe, electric hoist and compressor unit and buildings have been installed.

Reginald Owen, a motion picture actor, is president of the company and Peter N. Stevens is treasurer.

The Cloverdale Citrus Fair, Sonoma County, will be held February 21-23.

Club Business Meeting Held

Shakespeare Members Name Delegates To 3-County Meeting At Loomis

In the absence of the president, Mrs. John Nelson, the vice-president, Mrs. Phil Volz, presided at the business meeting of the Shakespeare Club held in the clubhouse on Tuesday.

On Feb. 11th the travel section will meet with Mrs. Bennett and Mrs. Golden as co-chairmen to continue the Pan-American study. Mrs. Robert Carpenter will cooperate at this time with interesting material secured for the occasion. Mrs. E. K. Fowler is chairman of the committee to serve the fathers and sons dinner, Feb. 13.

An interesting report of the Tri-County Board meting at Rocklin Jan. 22nd, was presented by Mrs. R. H. Weidman. Many topics of interest to club women, generally, were presented and discussed and the attendance demonstrated that activity in public affairs is being increased.

The Women's Club of Loomis will be hostess to the convention on Friday, Feb. 28th. Delegates elected to attend are Mrs. J. H. Wilson and James Dalziel; alternates Mrs. H. P. Brown and Mrs. E. D. Golden. The president of the California State Federation of Women's Clubs, Mrs. Thomas H. Richards, will be guest speaker.

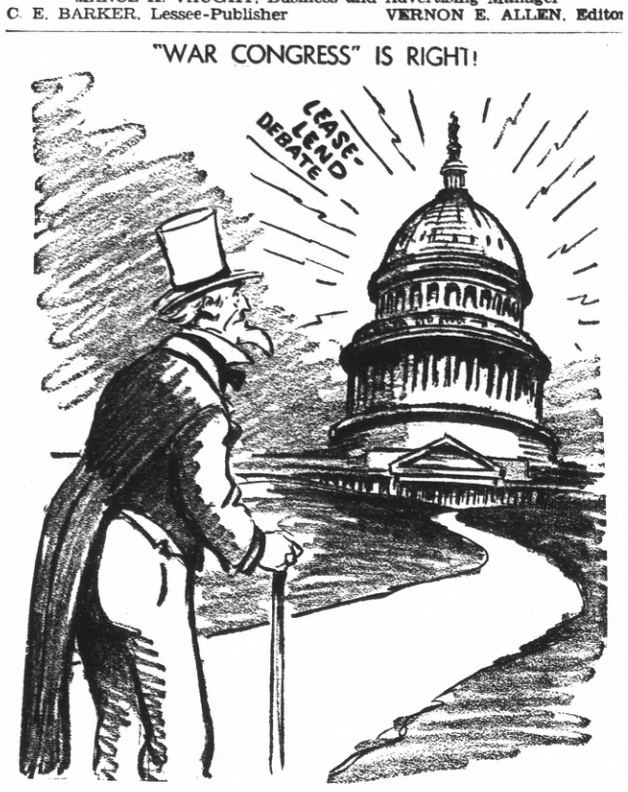

Mrs. Evelyn Brander, with her committee, is arranging for an outstanding spring fashion show March 7th. This event is being looked forward to as one of interest to the entire community of women and those in charge are giving much of their time to detailed plans for its presentation.

The club is particularly grateful to Mr. and Mrs. R. H. Weidman for the success, both socially and financially, of the card party held at the institute of Forest Genetics on Friday, Jan. 31st.

Charles Peterson was in town the first of the week from Richmond, where they recently have purchased a home at 724 Kern Street. Mr. and Mrs. Peterson had made their home in Placerville on Hillcrest Avenue for about five years, ending with their recent removal to the bay district.

FAIRWAY FOLLY

By Hank Towne

After what happened last Sunday I should resolve never to poke fun at nobody, even if Roy Strum gently foozled one into the mossy depths of Lake Hearn. For that's exactly where two of my very best 10-cent balls are reposing. And if any of you suckers want to scavenge I'll tell you exactly where it is: two and a half club lengths from the south shore, six club lengths and about this much more from the bridge. Help your selves.

• • •

A lot of folks who haven't been on the course for a number of weeks probably won't recognize the old clubhouse since Ronard has completely knotty-pined the entire interior. And a week or so of sunshine has brought the grass out swell, most of the low marshy spots are walk-on-able.

• • •

Quite a sizeable crowd enjoyed the course last Sunday. And while the same bunch, probably swelled by another dozen or so, are having their fun next weekend on the open fairway, play a round with me and I'll show you how to enjoy a hole or two in the rough!

MARCO POLO...UNITED PRESS...
First to report, alone to report

...FIRST to travel upward into China, along the route of the Burma Road of today, and to report what he saw for all the world to read was Marco Polo—nearly seven centuries ago. What he wrote was the only news the world had then of that region.

In his footsteps another first-reporter has just followed, George Wang, of the United Press.

Since Britain reopened the Burma Road, Wang has been the only press correspondent to travel over this historic, vital highway. He has since been cabling back dispatches about what he saw on his eight days' journey.

United Press often gives first news. Of the Burma Road it has done more. It has, like Marco Polo, given the only news.

Your Income Tax

(Continued from page one)

be deducted as a business expense.

Compensation of State Officers and Employees

All officers or employees of states, or political subdivisions thereof, or any agency or instrumentality of of any one or more of the foregoing, are required to include in gross income, for federal income-tax purposes, the compensation received by them during the year as such officers or employees.

Retired officers and employees of states, and political subdivisions thereof, or any agency or instrumentality of any one or more of the foregoing, who received in 1940 pensions or retirement annuities based on the services rendered by them while in active service as such officers or employees, are required to include such pensions or annuities in gross income for Federal income tax purposes. If the pension or annuity is paid in whole or in part from a fund derived from the amounts deducted from the compensation of such officer or employee while in active service, the amounts so contributed are considered the "consideration paid" for the pension or annuity. The amount received by the retired officer or employee shall be included in gross income each year to the extent of 3 per cent of the "consideration paid," the balance of the annuity payments being excluded in determining gross income for that year. When the aggregate of the amounts thus excluded from gross income equals the "consideration paid," the entire amount thereafter received as a pension or annuity must be included in gross income.

These taxpayers are entitled to the same deductions and credits as are other taxpayers. Dues paid by teachers to professional societies, the price of their subscriptions to educational journals connected with their profession, and traveling expenses, including railroad fares and meals and lodging, incurred in attending teachers' conventions in the United States, if they are not reimbursed for such expenses, are deductible from the compensation received by them as teachers in determining net income for federal income-tax purposes. Records of such expenditures should be kept to substantiate the deductions claimed.

Campaign expenses and contributions made to political parties or organizations at any time are not deductible. Campaign contributions received by a candidate for a public office are gifts, and not income, so are not required to be included in the gross income for federal income-tax purposes.

Nazi Ace in U. S. After Escape

Baron Franz von Werra (right), Nazi Messerschmitt squadron leader, is pictured with Chief of Police Herbert S. Myers in Ogdensburg, N. Y., where he was picked up for vagrancy after escaping from a prisoners' train in Quebec and swimming the St. Lawrence River. The Nazi airman, credited with shooting down forty enemy planes, was released on bail furnished by the German consulate in New York.

BEHIND BUSINESS
The scenes in

BY JOHN CRADDOCK

BUSINESS—It seems as though that prosperity phrase, "cash jingling in their jeans," is more than a mere figure of speech. For Nellie Tayloe Ross, director of the U. S. mint, reports that in 1940 the mints—located in Philadelphia, Denver and San Francisco—had to work 24 hours a day most of the year to keep up with the demand for new coins. In fact they set a new all-time record, both in the numbers and value of "hard money." The new record is 1,478,982 coins—compared with the previous high mark of 738,742, a record set way back in 1919. Incidentally, the breakdown on the coin-count shows that only half-dollars, quarters, dimes, nickels and pennies were minted—no "wagon wheels at all. Maybe they've quit making the good old iron men; anyway, they didn't grind out any in 1940.

WHY — Of course, what causes this is the increase in the above-mentioned cash jingling in jeans, and the crescendo of clanging cash tills, stemming from the defense drive and its upsurging of industrial activity all over the country, with consequent upturns in retail trade. Officially volume of retail business; the new defense taxes; increase in state sales taxes, and the increasing use of slot-machine devices." That rising stream of jitneys pouring into juke-boxes seems to be backwashing clear to the U. S. mint.

PRODUCTION LINES — Despite emphasis placed on speeding up the nation's production lines, few realize that production lines are in many instances conveyor belts. Yet the conveyor belt now ranks with the railroad and the motor truck as a means of transporting raw materials, and is essential to top-speed production of all the goods needed to get and keep national defense output in high gear. Actually, belts ranging from several miles to a few feet in length are so wirely used for heavy transportation that Goodrich has applied to belting the same principles of rubber-and-cord construction with which it doubled and tripled tire mileage some 25 years ago. The result is a cord conveyor belt with greater load-carrying ability and impact resistance, less internal abrasion, no stretch and high non-deterioration. Application of this new belt to key industries not making full use of it now is expected to do much toward speeding up manufacture of essential weapons. Mass production hinges on bringing materials to processing and assembly points on rigid schedule, and engineers say conveyor belts do that job best.

ECONOMY, KEYNOTE! — When two mid-west governors recently urged strictest economy on their legislatures in the interests of national defense, they sounded "what should be the keynote for all legislatures meeting in 1941," Mrs. Melville Mucklestone, president of the National Consumers Tax Commission, believes. Both of these state executives—Governors Julius P. Heil of Wisconsin and S. C. Ford of Minnesota—strongly advocated that no new levies be passed this year. Mrs. Mucklestone applauded their stand, and emphasized the need for wider adoption of such programs by pointing out that state taxes increased 1200 per cent from 1913 to 1938, and that the trend "should be reversed now in view of federal defense levies.'

LEVELING OFF—For months almost all reports concerning gains in retail sales have had to acknowledge that these gains were pretty much centered in industrial areas where the bulk of defense-drive spending was going. Now there are indications that this situation is beginning to level out as the stepped-up flow of money spreads. According to the Bureau of Foreign and Domestic Commerce, sales of general merchandise in small towns and rural areas—where steel, autos and arms manufacture is no factor—recahed an all-time high in December, last. The volume was about one-tenth larger than for December of the previous year, and about a third yarger—33 per cent—than for December of good old 1929. Taking 1940 as a whole, volume of sales of general merchandise in these areas was about five per cent ahead of 1939, and seven per cent greater than in 1929.

THINGS TO WATCH FOR — Highway postoffice trucks, equipped just like the railway postoffice cars where mail is sorted and bagged while the train speeds along —the first of these versions of the railway car rolled into President Roosevelt's back yard the other day for a preview, and will go into service soon between Washington and Harris burg, Pa. . . . More metered mail; the company making postage meters reports that meters now account for 20 per cent of all the U. S. postoffice department's postage revenue . . . A new infra-red ray lamp that can cook a steak in six minutes or dry 24-hour paint in one hour—less than five per cent of its total energy emerges as visible light . . . A special posthumous album of records of the late Hal Kemp, dance band leader, with a booklet biography of him; he left a library of "arrangements" valued at $100,000 . . . More new items in the quick-frozen food line—notably oysters, cream (not ice cream) and cider . . . A bread and pastry flour made from coffee beans, but with no coffee flavor.

Recipes For A Tasty Dinner

This is Nucoa "Better Living Week." Food merchants are taking this occasion to point out the food treasures they have to make your table a constant source of never-ending surprises.

Take the menu presented here. It starts with just plain ham and potatoes and corn. But how it ends! M-m-m m mmm!

The potatoes have been sliced, seaing Nucoa. And the casserolettes of corn also profit appetizingly from the table-quality food value and soned and brushed with rich-tast-flavor of Nucoa.

Like to try them- Here are the recipes:

Menu

Baked ham slice, baked potato slices, corn casserolettes, old fashioned cole slaw, rolls, Nucoa, beverages, brownies.

Baked Potato Slices

New Nucoa, melted, 4 medium-sized potatoes, salt, pepper.

Peel and wash potatoes. Slice ¼ inch thick, and place in well Nucoa-d baking pan. Brush with melted Nucoa, and sprinkle with salt and pepper. Bake in a moderate oven (350 deg. F.) 25 minutes, or until done. If necessary, brush with melted Nucoa during baking. Yield: 6 servings.

Corn Casserolettes

3 tablespoons new Nucoa, 3 tablespoons green pepper, cut in thin strips, 1 tablespoon onion chopped, 2 tablespoons flour, 1½ cups milk, 1 teaspoon salt, 1-16 teaspoon pepper, 3 cups cooked or canned whole kernel corn, Nucoa-d bread crumbs.

Cook green pepper and onion in Nucoa over low heat until soft, stirring occasionally. Place over hot water, add flour and mix well. Add milk gradually and cook, stirring occasionally until thickened. Add salt, pepper and corn and pour into well Nucoa-d individual baking dishes or casserole. Cover with Nucoa-d crumbs (½ cup bread crumbs mixed well with ¼ cup melted Nucoa) and bake in a moderate oven (350 deg. F.) for about 25 minutes.

Recalled to Duty

Rear Admiral H. E. Yarnell, retired former commander of the Asiatic Squadron, has been recalled to active duty in the U. S. Navy and will visit engineering colleges throughout the nation to recruit advanced technical students for the naval reserve.

GIGNAC MINE EXCAVATOR AND EQUIPMENT ARRIVE FROM OAKLAND

Several truck loads of equipment for operating the Gignac mine, in the Texas hill district, arrived in Placerville Wednesday morning enroute to the property.

The mine, owned by Mrs. Olivene Stone, is operated under a lease and option by R. C. Breakenridge and L. A. Delamothe, of Oakland.

Immediate attention centers on their plans to use on the property a twenty-ton excavating machine which travels on tractor tracks and excavates the gold bearing gravel by means of buckets on a chain.

The machine was designed by Eugene Smith and Charles Roe, of Oakland and can be operated by one man, sending the gravel back on a conveyor belt to a low bed truck.

The work of the contrivance will be watched with interest by mining men in view of the possibility that its successful operation may be an avenue to successful operation on low-grade channel properties throughout the state, where there is now no profit in operation because, until the excavator was developed, costs of operation proved too high for the recovery possible.

WANT ADS ARE EFFECTIVE

3 From County Attend Welfare Conference

Mrs. Ann Morton and Mrs. Lenora Bartell, of the SRA office in Placerville, and Mrs. Elizabeth Sayers, county welfare officer, were at Sacramento Saturday attending the state-wide "conference on social welfare." They report an interesting series of addresses and discussions on the general welfare problems.

Scouts Prepared for Emergency Service

Boy Scouts here and throughout the country are now training in Scoutcraft and outdoor lore with new vigor to be better prepared for any sort of emergency and disaster service. Scout troops are forming units of Emergency Service Corps (see emblem, upper right above) and being trained in firefighting, first aid, rescue work and other service connected with emergencies caused by storms, floods, hurricanes, earthquakes and any type of catastrophe.

At camp and on hikes, through games and other attractive activities of the regular Scout program, they are learning what to do in case of crisis and how to fulfill their promise to help other people at all times. Through demonstrations, displays and exhibits, in cooperation with established disaster relief agencies, they are doing their part to teach the American people to be prepared.

Neighborhood NEWS

LOTUS NOTES

Several have asked us, and we would like to know ourselves, what has become of the Lotus Improvement Club that was organized some years ago. We think that it was in March, 1926. We learn that Mrs. Frank Wagner and Mrs. Lottie Galleher are the only two members left of the club in Lotus. We would like to see the club reorganized and ask these two ladies to get together, call a meeting and let's have a club. Lotus now has quite a number of people and no doubt but what all will bcom members. The writer will be become members. The writer will be to make a success of it.

Lotus was well represented at Placerville on Friday last by Mrs. Harry Reaside, Mrs. Carl Maurer and a lady friend, Mrs. Amanda Fenske; Mrs. Jessie White and Mr. and Mrs. Joseph Hensen, all attending to business matters and sight-seeing the city.

Mrs. Florence Hines of here and Mrs. M. Stoltzfus of Coloma drove up to Gold Hill last Thursday afternoon and took in the Economic Club party given at the home of Mrs. Wm. Miller.

Clark Lewis of the P. G. & E. office in Placerville was in town on Thursday evening attending to some of the company's lights which had gone out. Lewis had the lights on in about 15 minutes after he arrived.

We do not want to complain but must say that our telephone line between here and Placerville is somewhat in a very poor shape. We will ask our president of the line to look into the matter and see if we all cannot get better service than we are now getting.

Wesley Fox and wife of Lotus took a drive down to Sacramento on Sunday to visit with friends and attend to some business matters.

The weather the past week has been fairly good with partly cloudy and four clear days. Sunday last, was a nice day and Ground Hog day —the little animal saw his shadow and went back in his hole and now what will be the weather for the next six weeks?

The General Dredging Corporation with one of their large dredgers working here is doing a nice piece of work across the Uniontown bar on highway 49 by building a new piece of road some eight feet in height and when completed will be a nice piece of work. The state highway crew is assisting in the work.

George O. Pontious, merchant and service station man of Coloma, was attending to business matters in our town last week.

The committee in charge of the Gold Discovery dance wishes to make a correction as appeared in our items in last week's issue that there were 145 tickets sold at the door instead of 40 and in all was a grand success. We are informed that a dance will be given by Gold Trail Grange in the near future.

All you whist card players do not forget to come to Coloma Saturday night Feb. 15, and take in the card party. Fine prizes and good eats.

Gold Trail Grange held a special meeting at the hall in Coloma last Thursday evening for the purpose of practicing their drill work, under the direcion of Ray Rosenberger.

Among those from here and Coloma who went over to Placerville on Saturday night and took in the card party were Harry Reaside and wife, Henry Bacchi and wife, Mrs. Noreen Peterson, Hector Williamson and wife, Mrs. Lottie Galleher, Florence Hines, Irma Lawyer, Mrs. Ella Norris, Frank Gallagher and Henry Winje, of Coloma. Some 26 tables were on the floor. Violet Reaside brought home first prize and Florence Hines also won a prize. We do not know if any of our card players took in the President's ball.

Mrs. Nadine Casaurang and her aunt, Mrs. Mary Nellerman and nephew, Ben Nellerman of Oakland and Fred Gorgensen and wife and two daughters, Virginia and Margaret of Berkeley spent the weekend at the home of George Pountain, returning back to their homes late on Sunday evening. Mrs. Casaurang is the eldest daughter of George Pountain and came up to visit with her father.

Equipment belonging to the new company which is to operate a dredge on the Wagner property is arriving daily and operations will soon begin.

Mrs. Ella Norris of Coloma was a Saturday visitor at Lotus.

Mrs. Lottie Galleher and Mrs. F. Bagnton made a trip to Sacramento on Tuesday.

Friday evening found Mr. and Mrs. H. Bacchi, Mrs. Lottie Galleher, Mrs. Irma Lawyer and Mr. and Mrs. H. Reaside on their way to attend the card party at Georgetown given as a benefit for the volunteer fire department.

Dan Bassi who spent the greater portion of a week in the southern part of the state has returned to his home here.

The Coloma, Lotus and Gold Hill Farm Center met on Monday evening with a group of about forty persons present. Movies and a talk by Ivan Lilley, a summary of our school system and upkeep by Superintendent Kenneth McCoy and several other short talks rounded out the program. After the meeting adjourned, refreshments were served to those present.

FIVE NEW BOOKS FOR CITY-COUNTY LIBRARY

Mrs. Jessie Maynard, city-county librarian, reports the recent receipt of five new books for the library, three of which may be of interest to adult patrons of the library.

These are, "Invitation to Live," by Loyd Douglas; "Raleigh's Eden," by Inglis Fletcher; and an autobiography, "Richard Halliburton."

The two volumes which will be of special interest to the younger patrons of the library are in the "Silver Chief' 'series, by Jack O'Brien: "Dog of the North" and "To The Rescue."

Would Arm Ships

Rear Admiral Samuel Robinson, chief of the bureau of ships, stresses a point as he appears before the House Naval Affairs committee in support of the $909,000,000 naval expansion bill. He supported testimony that facilities should be available to possibly arm some 2,000 American merchantmen.

THREE CRISES APPARENT IN WAR NEWS; BULGARIA MAY YET JOIN AXIS

By UNITED PRESS

France and her far eastern colony of Indo-China stood as world tension points today and new signs of crisis appeared in the perpetually troubled Balkans.

A number one crisis in relations between Marshal Henri Philippe Petain and Adolf Hitler was in progress although it took the ostensible form of a struggle between Pierre Laval, ousted vice premier, and the Vichy government.

French Indo-China was the focal point of rapidly emerging Japanese plans for expansion into the South Pacific. Taking advantage of France's weakened position, the Japanese seemed to be moving to develop Indo-China as a base for further operations.

The new Balkan crisis was developing in Bulgaria. London advices that Bulgaria's minister to Berlin, Col. Parvan Dragonoff, was believed to have arrived at Sofia with new German demands that Bulgaria join the Axis. This time, London felt, Bulgaria would be unable to resist and Russia would not intervene.

Mr and Mrs. Randolph Dunlap, of Placerville, are the parents of a son, born Tuesday at a Sacramento hospital.

Lion Minstrel Program Told

(Continued from page one)

The Folsom Glee Club will then be presented under the direction of Prof. Louis Gearhart in a group of numbers, following which Prof. Gearhart will contribute a group of Negro spirituals.

Dance specialties by Von and Lamoine will be next on the program followed by an official visit by "Yorgi Yorgenson, the Swedish Ambassador of Good Will," featuring James Clausen, of Sacramento, who will tell stories in five different languages including Sanskrit. The first act will close with the chorus, "Smiles."

Intermission will be followed by a number by the band after which the quiz contest will be conducted, with L. J. Anderson as master of ceremonies, assisted by E. Ogden Hook. Prizes will be awarded those of the audience who successfully answer the various questions and the awards will be presented on the spot.

"Massa's In The Cold, Cold Ground" is the opening chorus for the second act and will be followed by a tableau with Reuel V. Whigam as Abraham Lincoln and L. W. Loomis as "Black Joe."

"That's Why Darkies Are Born" will be a vocal offering by Rance McFarland, to be followed by Leo Ench in blackface songs.

A group of numbers by the Folsom Glee Club will be followed by George McKee singing "Basin Street Blues," and then by Von and Lamoin in dance interpretations and the finale by the entire company.

Mr. and Mrs. William C. Davenport, of Garden Valley, are the parents of a son, William Roy Davenport, born February 3.
